

The Prince George's County Planning Department of The Maryland-National Capital Park and Planning Commission is continuing its initiative to consider the future of transit-oriented development (TOD) at five proposed station areas along the planned Purple Line light rail transit corridor: Riverdale Road, Riverdale Park, M Square, College Park-UMD, and West Campus.

A series of recent meetings, held with neighborhood residents and business owners, helped to identify existing conditions, TOD opportunities, and areas for future study. We will shortly begin another round of neighborhood meetings which will offer you an opportunity to envision the future of your community and its relationship to the Purple Line. Please join us to define a vision and give input on each station's identity, streetscape, architectural character, uses, and amenities. Your ideas and comments will inform the development of preliminary concept plans for each of the five station areas.

All meetings are open to the public.
